Pianca Studio

Manhattan

EN A fresh, modern design inspired by the contemporary lines of minimal aesthetics. The sophisticated shape of the handle - consisting of a vertical groove in the door edge and of an inner surface that can be customised in lacquered, metallic and wood finishes - is reminiscent of the tapered profile of a wing. The doors come in an even wider range of finishes, available in glass, mirror, wood and lacquer, coordinated with or differing from the handle for a tone-on-tone or contrasting effect.
